

Annual HBAGC Golf Outing Brings Homebuilders Onto the Green

Over 250 Golfers in Attendance at Local Association Event

Huntley, IL – July 2006 – Among the Homebuilders, Subcontractors, Bankers and Financial Consults, BidHub.com, Inc. found its way onto the green in West Chicago at St. Andrew’s Golf Course. With attendees reaching 250, BidHub was pleased with the positive reception they received from both the hole they sponsored and the golfing they participated in. The constant rain showers didn’t drown the spirits of those in attendance and everyone seemed to enjoy a day away from the office.

This year BidHub took advantage of sponsoring a hole in the hopes of making a lasting imprint on the members attending the outing. With a “beach themed” golf-hole complete with an inflatable palm tree and leis for all that stopped by the information table, and a longest drive contest, BidHub was successful in reaching quality contacts. Two BidHub employees, Lisa Miller and Kendra Afeld stayed positive through the dreary weather and handed out bags of promotional material while chatting with those interested in BidHub’s newest product offering, *PowerLaunch Managed™*. “This event was a great time to network with targeted professionals, and sponsoring a hole gave us a chance to get intimate with one of our most influential customer groups,” said Director of Marketing, Anne La Francis.

The afternoon of golf was followed by a banquet-style dinner where plenty of raffles gave attendees a chance to win DVD players, Cubs Tickets, Restaurant Gift Cards and many more wonderful prizes. BidHub’s grand-prize winner took home a “Margarita Bucket” complete with Tequila, margarita mix, salt, four hand-blown margarita glasses, a blender, a gift card to Cheeseburger in Paradise™, and a Jimmy Buffet CD.

The HBAGC might have been disappointed in the weather, but the sunny-spirited sponsors, cold beer, good food and excellent prizes made the day feel like it was warm and sunny without a cloud in the sky.

About BidHub

BidHub is a leading application service provider (A.S.P.) that provides a gateway and opportunity for General Contractors, Homebuilders, and Subcontractors to manage efficiently and cost effectively Commercial and Residential projects. Created by industry professionals, BidHub’s web-based tools allow Subcontractors to receive bid invitations, submit bids on projects, and obtain digital or printed versions of architectural plans and specifications. Homebuilders and General Contractors have the ability to organize their Subcontractor databases, receive and view online bids (sorted by CSI code), and award multiple contracts. BidHub gives its users the tools to manage the entire bidding process with luxury and ease.
