

BidHub Recognized as One of the Best in the Nation's Largest Regional Building Trade Magazine

Woodstock, IL. – March 6, 2006 – BidHub is set to receive national accolades as one of the Best Products of this year in the March 2006 edition of Builders News Magazine. The company, having only launched their Alpha product in early 2005 and whose software offers construction industry professionals an online solution to bidding on and procuring construction projects, took relatively little time in getting noticed by the national heavyweight magazine. An accomplishment well deserved, BidHub's success and great achievement can be directly related to their ability to recognize industry need.

Mark Rigby, President of BidHub let's us in on this, "BidHub's advanced technology, ease of use and full range of services are second to none. Our newest users are anxious to witness first hand the impact that it will have within their own companies."

In its 11th year of operations, Builders News Magazine has attained a distribution level of 45,000, reaching the largest and most powerful arena of top industry executives in the commercial and residential sectors. The magazine provides outstanding and quality product information and has proven to be an invaluable tool of infinite proportions for all readers. These being just some of the many reasons that Builders News has earned the prestige of being dubbed the largest regional building trade magazine in the nation.

Being recognized as one of the best in the magazine earns BidHub its rightful place as a leader in the construction software industry.

About BidHub

BidHub is a leading application service provider (A.S.P.) that provides a gateway and opportunity for General Contractors, Homebuilders, and Subcontractors to manage efficiently and cost effectively Commercial and Residential projects. Created by industry professionals, BidHub's web-based tools allow Subcontractors to receive bid invitations, submit bids on projects, and obtain digital or printed versions of architectural plans and specifications. Homebuilders and General Contractors have the ability to organize their Subcontractor databases, receive and view online bids (sorted by CSI code), and award multiple contracts. BidHub gives its users the tools to manage the entire bidding process with luxury and ease without having to purchase expensive software or hardware.
